

# Human Practices

Guan-Ting Wu

# What is Human Practices (HP)?

- **Human Practices is the study of how your work affects the world, and how the world affects your work.**

# Tips for Teams

- **Go beyond promoting synthetic biology**
- **Do your research**
- **Communicate clearly what you have done and why**
- **Be an example for others**
- **Be creative!**

# Prizes :

- **Best Integrated Human Practices or Best Education and Public Engagement?**

Best Integrated Human Practices	Best Education and Public Engagement
Was the work integrated into the project?	Did the work establish a dialogue?
Does the work serve as an inspiring example to others?	
Is the work documented in a way that others can build upon?	
Was the work thoughtfully implemented? (did the team explain the context, rationale, prior work)	

# In the last ten years .....

- 2007 Help me!
- 2008 BacToKidney
- 2009 ViroCatcher
- 2010 SpeedyBac
- 2011 Tailoring Your Avatar
- 2012 Venus Marvel !
- 2013 Bee. coli
- 2014 HOPE
- 2015 Fight the Blight
- 2016 IOS iGEM

# In the next ten years .....

- 我們希望留下什麼?
- 我們如何對外推廣與介紹合成生物學，對內交流與分享彼此的題目和想法?
- 我們能否突破思想上的阻礙，於未來得出具前瞻性的想法?

# 一日iGEM · 十年科學 · 百代陽明

- 一個十年特展
- 展示poster、prototype、學長姐當年報告影片
- 持續約一個月的展覽，並非隊伍交流
- 對外歡迎參觀，對內新生宣傳
- 邀請學長姊分享，或拍攝影片展示
- Lab visiting

# Why to do it ?

- 思考iGEM如何影響參加者的未來生涯，也讓大眾了解合成生物學的其他面向。
- 多年之後，前輩們如何看待當年的題目，又會給予新手什麼樣的建議？
- 過去、現在和未來的隊伍如何彼此交流？如何搭建與外校的連結？
- 若能展示每屆的海報，又要如何邀請學長姊們，重現當初的熱血、瘋狂和感動？
